The above programme has to be flexible because of personal commitments, weather, or clashes with other activities. Whilst every endeavour is made to stick to the programme changes may have to be made. Any updates will be circulated on Social Media, e-mail and the club Forum. Climbing will happen on weekends and weeknights; this will be confirmed nearer the time due to the weather-dependent nature of the activity.

(November 21st 2018 Draft for presentation to membership at December 2018 AGM)
